Although the hour set for opening the 113th annual Grand Lodge, Free and Accepted Masons, of the State of New York, was ? o'clock this afternoon, the spacious offices of Grand Secretary Ehlers and the broad lobbies and stair cases of the Masonic Temple, Sixth avenue and Twenty-third street, were thronged with Master Masons all the

The atmosphere was very much clarified this morning for the election of officers which comes off to-morrow morning, Grand Master Frederick A. Burnham, adhering to his first intention of refusing to permit his name to be used as a candidate for re-election. This was much to the disappointment of a host of friends, for Burnham is particularly popular, as he has been an unusually abse Grand Master.

But since Grand Master. William Scherer made the precedent of declining a re-election, and Grand Master Tenzyck indorsed it by a like action. Mr. Burnham resolutely rejected the urgent advice of his ardent admirers, and declines the high honor.

This leaves the field clear for the promotion of Deputy Grand Master John Hodge, of Lockport, and establishes the precedent of annual rotation in office firmly.

Policemen armed with subpoenas were said to have been seeking him, and he was reported on several occasions to be in Nutley, N. J.; Yonkers and Mount Vernon.

In his testimony, Granger accused Commissioner McClave of having accepted bribes to get men positions on the police force, and gave names and dates to substantiate his statements.

On the other hand, the Commissioner in his own defense accused Granger of forgery, and said his former son-in-law had stolen registered letters from the Post-Office, where he had been employed as a clerk, and concluded by saying that in six years he had paid out more than \$20,000 to get Granger out of his various scrapes.
